

No One Around

Words and Music by Shawna Beesley

Verse 1

D G
In the white light where your words fly
D G
My intentions move them along
D G
In your lost time where trouble shines
D/F# G
It feels like the world's falling through on you

Verse 2

D G
At the rope's end where you can't pretend
D G
The voice behind you growing thin
D G
On the main floor you lock all the doors
D/F# G
And you won't think of letting me in

Chorus

D/F# Em Bm
And there is no one around, there is no one around
Em A
There is no one around to see
Em Bm
There is no one around, there is no one around
Em A
There is no one around but Me.

Verse 3

D G
Underneath the skin is the place to begin
D G
Touching every tender part
D G
But you hide the key and the hope to be free
D/F# G
Consumed in your naive fantasy

Bridge

Em Bm Em A
Time has had its toll on you, push and break through
Em Bm Em A
Let the water wash over you, it makes old things new
