

Still More

Words and Music by Shawna Beesley

Verse 1

B Bsus
Back to the beginning of the journey I trip through
B E F# F#7 B
The hands I take the choice I make to walk in faith and truth
B Bsus
And I'll never know the reason for such sacrificial grace
B E F# F#7 B
But I know the need to worship and the path that I must take

Chorus

F#/Bb G#m E
And to give you back a portion of the love that you have shown
B Bsus B
Is the anchor of my life
F#/Bb G#m E
Now my heart is set on fire by an intimate desire
B F#
To know the one who said, "Let there be light"

Verse 2

B Bsus
There are days when I am weary, unable to get by
B E
When my common sight has veiled my eyes
F# F#7 B
and I've lost the will to fight
B Bsus
But my face is compelled upwards by a deep angelic praise
B E F# F#7 B
By the worship that creation gives to glorify Your name

Bridge

E F#
Now my hands are lifted high to the greatest love
G#m
that have ever known
E F#
Now my hands are lifted high to the greatest love
B
that I have ever known
B F#/Bb G#m E B
That I have ever known...
G#m E B
Oh...
G#m E
There is still more, there's still more,
B
it gets so much better than this
